Kansas is a fairly conservative state both in general and when it comes to gambling.

It didn't happen EXACTLY like that, but for all practical purposes, that might as well be what happened.

With that, we expect that the state will eventually authorize casino-style gambling, as well as poker, to operate in a regulated online framework, but it's tough to say when.

Kansas Crossing Casino and Hotel

There are 123 rooms and suites combined and the property is technically a Hampton Inn, my guess is mainly for access to Hilton's massive online booking network.

(By Midwest standards)

48%.

They also have many different legalized and regulated forms of gambling, which doesn't tend to go well for traditional lottery sales.
