When you first apply the lotion it has a really nice vanilla smell, but afterwards it starts to get that unpleasant self tanner smell. It gave me a nice natural and even looking tan that wasn't streaky at all, and it didn't turn my knees, ankles, or elbows orange. It comes with a pair of gloves for when you're applying the lotion so you don't have to worry about your hands turning orange. Some of the downsides of this product is that it can feel really creamy, and it takes a while to dry, so I wouldn't recommend working out or doing any other physical activity that may cause you to sweat after applying fake tan. Also I found that the colour doesn't stay long and comes right off as soon as you shower. Overall I feel that the fake tan original self-tanning lotion is a good product and I would definitely purchase it again.

So after many great reviews online and referrals on here, I decided to go ahead and purchase this self-tanning lotion. OMG!! It is truly amazing stuff! I was worried it'd be streaky and a God awful ORANGE colour, but I was mistaken. The colour is fantastic--a nice bronzed brown that looks so natural and although you really have to rub it in thoroughly, I am not streaky whatsoever. One of the best things is that the smell is not horrible like most self tanners (another reason) Tj T\* BT /F1

and will continue to wear this and refer it to as many people as I can!!
