Covers BetSmart Rating

For over 25 years, Covers.

com has been providing our readers with in-depth sportsbook ratings.

In the process, we've developed the Covers BetSmart Rating to ensure that every visitor from South Korea has confidence that they are wagering at a safe and trusted betting site.

The five core factors that go into a bookmaker's overall rating are bonuses and promotions, banking and payout speeds, key features, security and trust, and customer support.

The Covers review team also considers many other factors when evaluating each book.

It's important to us that you get the most up-to-date and informative reviews so that you can select the sportsbook that best suits your needs.

This is why we take a week or so at each betting site to experience the sign-up process along with placing wagers across a wide range of sports.

As well as providing simple and concise definitions of the most common types of bets, we'll also be explaining the benefits of outright betting.

The only difference here is that if your selection fails to overcome the handicap and the game ends in a draw, your stake is returned.
