If someone you know has a gambling problem, encourage them to get help from a pr  
ofessional.

Starting the conversation

Stay calm and be supportive.

Tell them how their gambling has affected you.

Get support from other friends and family, counsellors or self-help groups who c

an help you understand the problem and deal with its effects.

Protect yourself and your family, financially, emotionally and physically.

I&#39;m using Express as a web server that hosts the frontend static files.

Relevant information from those JSON files is extracted and extra information is

also added from the team database, such as team logos etc.

Finally, the backend serves as a REST API retrieving information from the databa
