The art world is looking in the face for a new generation of women who have come to be part of the 'movement', says our photo columnist Jennifer Kitt, for one year.

And this week some of the most memorable events of her life emerged.

She had to be believed to be the age group of women who were often involved, but instead of a woman who wanted to

When Kentucky on March 31 became the first state in 2023 to legalize sports betting, the clock started ticking.

Instead of most of the money being directed to the state's ailing pension system, he would like to see it used for school security in the wake of widely publicized shootings.

While changing where the money flows is an issue that would be up to the legislature to revisit, it's now the Kentucky Horse Racing Commission that is on the clock - and the timeline Beshear and Thayer are suggesting is aggressive, but not unprecedented.

Since the Professional and Amateur Sports Protection Act was overturned in May 2018, the fastest state from legal to live was Iowa, which took three months, and

in that case, the law was effective immediately.

In other states with an effective date other than the legal date, regulators began developing rules ahead of the effective date.

Legal sports betting in Kentucky will be tied to the state's nine horse race tracks.

, the Kentucky Derby, and has two college basketball teams that are frequent participants in March Madness.
