It's More Addictive

Since you don't have to go anywhere in order to have access to online gambli

ng literally at your fingertips, it is that much harder to quit.

There's not much stopping you from gambling at work, school, or on the bus

ride home.

What these casinos don't tell you is that In the free version, the odds are

more in the player's favor.

Easier to Hide

Online gamblers may not realize they have a problem because it's not disrupt

ing their lives in terms of work and social activities.

Friends and family members may not even be aware that their loved one gambles,

and therefore can't help them quit.

At in-person casinos, problem gamblers will at times get banned from the casino.

It says that gambling includes any activity or undertaking whose determination

is controlled or influenced by chance or accident or any activity or undertaking

which is entered into or undertaken with consciousness of the risk of winning o
