for the better and the most that will go to a great end to see the

As usual, the aim is to get as close as possible to 21 without going over it.

When you've joined a table and placed your bets, you'll receive two hands of two cards.

The dealer will deal one hand for themselves. STEP 2 Switch? Hit? Stand?

Now it's up to you to mix and match your cards to create the best starting hands possible.

You will then move ahead with these as if they were two standard blackjack hands. STEP 3 Finish Up Your Hand

When you've finished hitting, splitting and/or doubling your hands, and gotten them as close to 21 as you can, it's time to click Stand and see whether

or not you're going to win with either of them. STEP 4

The Dealer Plays Their Hand

The dealer will turn over their facedown card and play their hand, just as in a standard game of blackjack, then compare their hand with each of your own in turn.
