Aside from basic concepts, we also point out what you should bear in mind before placing a 3-way bet and what strategies are appropriate to this form of betting!

This means, you have three options for your wagers. What are typical 3-way bets? The best known 3-way bets are those that focus on the outcome of a sporting event that can result in a win, a loss or a draw.

These are classic bets based on the 1X2 pattern, which we assume you all know.<sup>1</sup>

1 home victory 2 away victory X draw

If a fixture, such as a cup final, takes place on a neutral field, the 1 stands

for victory by the team listed first, a 2 for the second of the two teams.

If the wager refers to the outcome of a match after regular playing time or after 120 minutes, this is indeed a traditional 3-way bet.

Often, however, in cup competition bookies frequently ask merely who will move on to the next round.

We don't want you to confuse the two.

Over and Under. Fading The Public

One way bettors try to use this information to their advantage is by fading the public.

The truth, though, is that fading the public doesn't always work.

It's best to approach each game on its own.
